Chemical Waste Management

Apply now!

This course covers key concepts of chemical waste management. It includes awareness, regulations, and internal procedures, along with interpreting safety information like labels and hazard pictograms. Participants will also learn proper waste labeling and handling incompatibilities. Practical case studies will reinforce the concepts.

Instructor: Eva Butjosa, SACMA

Date: 15th May 2025

Hour: 10:00-12:30h

Location: Rita Levi

Target: Lab representatives/Lab safety coordinators/Waste management representatives at the CRG

Registration deadline: 7th May 2025
