

Advanced proteomics course for molecular biologists and clinicians

7-11 July 2014
CRG, Barcelona

PUBLIC LECTURES

Tue 8 July **Alex Leitner**

12:30h

Charles Darwin

Institute of Molecular Systems Biology, Department of Biology, ETH Zurich, CH

"Analysis of protein complexes by chemical cross-linking / mass spectrometry: A complementary chemistry and structural analysis of the mitochondrial ribosome"

Thu 10 July **Martí Bernardo**

12:30h

Marie Curie

EMBL-EBI, Cambridge, UK

"Modelling phosphoproteomics to characterize signalling deregulation in multiple sclerosis"
