CRG — Centre for Genomic Regulation | Training for scientists

PRESENTS

USING THE CRG HPC CLUSTER

Apply now!

This course will introduce using the cluster and to highlight the way to think and strategise about running jobs on the cluster. The course will give a refresher on linux skills before switching to discuss clusters in general and then focussing on how to use the resources at CRG.

The course will consist of 4 sessions each of 2 hours.

Instructor: Emyr James, Head of CRG SIT

Dates: 28th November — 1st December 2023 (10:30-12:30h)

Location: Bioinformatics room (CRG Training Center, PRBB Patio)

Level: Beginners/Intermediate

Maximum nº participants: 16
